Seven accused of running meth operation at two homes in Okeechobee

Related

By News Staff

Federal agents and the Okeechobee County Narcotics Task Force have arrested seven people who face methamphetamine trafficking and possession charges.

On Monday, the task force, along with members of the Florida Department of Law Enforcement and the DEA served search warrants at a home at 2828 NW 46 Ave., Okeechobee, and a home at 3573 NW 24 Ave., Okeechobee.

Officials found drugs with a street value of \$258,000, authorities said.

The seven arrested, all who face meth trafficking and/or possession charges, were:

Julio Cesar Luna, 28, who is being held on \$1.4 million bail; Oscar Segura, 21, held on \$950,000 bail; Jonna Leigh Kimla, 25, on \$65,000 bail; and Adolfo Ayala Jr., 22, Raul Aaron Rios, 26, Edgar Sanchez Segura, 26, and Mike Lewis Ramirez, 26, all who are being held on \$750,000 bail each.

"I'm very proud of the Narcotics Task Force, Special Response Team (SRT), and the many deputies that helped with this investigation," Okeechobee County Sheriff Paul May said. "We intercepted this shipment before it could be distributed to our citizens. All the officers on this case did an outstanding job."

The investigation is ongoing.

Luckily they stop it before it hit the streets! That is some very low grade Meth. It may have killed someone.
